About me

I'm a passionate developer and have been working on web development in the last decade.

I have a graduate (and post-graduate) background and have experience with most actual technologies such React, NodeJS, and Module Federation, working for one of the biggest company from Europe.

With strong soft skills, I have achieved great results as a team leader, applying agile techniques such as scrum, code review, and TDD.

Fun fact #1:

This page has scored 100% on Google Lighthouse.

Fun fact #2:

The PDF version of this page is the same as the print version.

Fun fact #3:

This CV was generated with React but there's no Javascript after build 😊.

Experience

Lead Software Engineer

 Freelance  Remote

 Sep 2022 - Present

Led a diverse team comprising smart contracts developers and UX designers to deliver innovative blockchain solutions. Coordinated remote collaboration, ensuring seamless integration of front-end user experiences with back-end smart contract functionality. React, Next.js, Vercel, Typescript, Java, EPP Protocol and Web3

Senior Frontend Developer

 Adevinta  Spain

 Feb 2020 - Feb 2023

Contributed to a large-scale internal project, working with a multidisciplinary team to develop and maintain front-end and back-end systems. Utilized React for building dynamic user interfaces and a Federated GraphQL scheme for efficient data fetching and manipulation. React, GraphQL, Webpack Module Federation.

Javascript Developer

eDreams Odigeo Spain

Jun 2017 - Feb 2020

Spearheaded the migration of a legacy JavaScript application from Backbone.js to React, enhancing performance and maintainability. Managed the transition process, ensuring minimal disruption to a large, active user base. Conducted deep A/B testing to optimize user experience and ensure seamless feature rollouts.

Development Analyst

Mobile-DI Remote

2015 - Mar 2018

Led a small, remote team of developers focused on building and maintaining applications using Angular. Conducted detailed analyses of problems and proposed effective solutions, guiding the architectural planning of projects. Mentored team members and conducted regular code reviews to maintain high coding standards and promote professional growth.

Education

Object Oriented Development in Java

UniCesumar Brazil

2012 - 2013*

Analysis and Software Development

UNIPAR Brazil

2007 - 2009
